BEATRIZ JIMÉNEZ

QUALITY ASSURANCE

Experience

Stant

Quality Assurance
since October 2020
Executing and planning tests in all of the company's products (android, iOS, web, API), increasing the quality and its trust through different kinds of testing techniques like white box, black box and grey box testing. I am currently starting the automation project with the QA team.

Let's Go Language School

English intructor
October 2018 - February 2020
Kintergarden and elemantary school english teacher.
